- i. Our vision is to nurture the academic as well as holistic development of our students within a safe, healthy, and richly stimulating environment, always inspiring excellence. We strive for each student to find continued joy in learning, while improving self-discipline, critical thinking, and planning skills. All with the support of our Christian environment.

### 2. Our Mission

- i. We believe that getting the right answer is ultimately, less important than learning how to ask the right questions, think through problems and adjust to changing situations, enabling our students to become critical thinkers!!
- ii. A true spirit of Christianity leading to respect for all and everything around us. We believe education is alive and ever changing, it jumps off the page! With the importance of family spirit, in a faith driven community, Inspiring Excellence within our students to always put your best foot forward with a commitment to our environment and developing creative thinking and socially and personally responsible young adults. We reserve the right to search students' personal belongings at any time whether on or off school property once under the care of the school or faculty.

#### **ii. Montessori Students**

"Freedom within limits" is the core of the philosophy regarding discipline in a Montessori environment. Montessori children 3-6years enjoy freedom of movement and choice; however, their freedom always exists within carefully defined limits on the range of their behaviour. If behaviour continues, then the consequence of "**Time Out**" will be enforced. If a student is endangering his or her safety or the safety of another person, an adult will intervene immediately and remove the child from the situation.

#### **iii. Primary Students**

## 17. Rules of the Classroom

- i. One thing at a time
- ii. Non disturbance

## 18. The Process of Learning

- i. An exclusive Montessori programme is offered to students 3 years to 6 plus years or once enrolled in the “Montessori Class”.
- ii. For the Primary Department which spans from Infants B to Class J4, that is 6 plus years to 11 plus years respectively, the school offers the Ministry of Education’s curriculum. This curriculum is complemented with Montessori and enrichment subjects.
- iii. The School is not and shall not be responsible for providing textbooks, school-issued notebooks, art supplies, stationery, or individual devices such as a tablet, laptop, or personal computer (‘PC’).
- iv. The following handheld devices are not permitted by the School to be used for the purposes of online learning: mobile phones, smart watches, mini-tablets, and/or iTouches.
- v. The Parent shall ensure that the device(s) provided by the Parent for the Student’s tutelage shall be enabled with all requisite software, applications, and/or programmes required for the student to function efficiently. The loss of tutelage due to provision of an inadequate, incompatible, or inappropriate device is the sole responsibility of the Parent.
- vi. Any device that is not capable of enabling all requisite software, applications, and/or programmes required for the Student to function efficiently shall be deemed to be disallowed by the School.

## 19. Homework

- vii. We offer non-parent-oriented homework school. At St. Luke’s Academy we take full responsibility and pride in educating our students. All work done at home are not parent-driven activities and students should be able to complete independently. Students will be expected to read their library or school assigned book / novel every afternoon for an allocated amount of time, or a specific assigned number of chapters/pages, review their daily work and or practice their musical instrument. This will be used for book reports, which will be written in school and then read to the class for discussion and or debate. They are also encouraged to review daily notes and prepare for quizzes as well as spelling words. Class 4 students may have additional homework as may be needed on a case-by-case scenario in preparation for the BSSEE.

## 20. Evaluating Students Progress

- i. **Infant Department:** The Montessori curriculum is carefully structured and sequenced based on the developmental needs of each individual child. Teachers maintain careful records of each student’s individual progress. Portfolios of work are kept for older children. Children are not compared against arbitrary standards or the performance of their classmates. Parent / guardians teacher conferences are held during the year to discuss student progress. Additional observations are scheduled each term, but any additional conferences can be coordinated at a parent / guardian or teacher’s request. If requested, written summaries of conferences can be provided.

- ii. **Primary Department:** Students have weekly quizzes, mid-term and end of term exams and reports which will be issued.
- iii. Anyone found copying or using crib sheets or notes on any quizzes and or exams will receive an automatic failing grade of " F" or "0" and it will be noted in the report comments. In the event a student is found cheating during the exam, the student will not be able to continue the exam and the test confiscated.

### 21. Promotion

- i. In addition to the academic report and assessment, students' maturity and behaviour will also be taken into consideration with regards to them staying on at St Luke's Academy and or being promoted to the following class. All students are required to have a minimum of **85% attendance** any given academic year to be eligible for promotion, taking into consideration extenuating circumstances. Please note students arriving after 8:45 a.m. will be marked absent for the morning session. We reserve the right to refuse a student's promotion to the next academic class due to unsatisfactory academic or behavioural reports or in the event they do not attend a minimum attendance during a school year. We may promote a student prematurely if they are assessed and by our findings are ready to go up and work ahead of their age-designated class and by extension a student may be moved back a year should they not be working at a specific year level.

### 22. Barbados Secondary School Entrance Exam

- i. It is expected that all students enrolled in the Primary Class J4 will sit the Barbados Secondary School Entrance Examination (BSSEE) at the age of 11+ years or complete whatever assessments and or exams are in place by the Ministry of Education and or the school for placement of students after 11+ years.
- ii. There are circumstances whereby a student may take the exam before they turn eleven (11) years old. Special permission needs to be granted by the Ministry of Education to facilitate these "early sitters".
- iii. During Easter Vacation, once the exam is in May of the same year, all J4 students who are taking the exam are to attend Easter Vacation classes to prepare for the exam.
- iv. Deferrals will have to be granted by the Ministry of Education and in the event a student is not promoted to J4 by the age 11yrs because of repeating a class leading up to J4. All requisite paperwork will be submitted by the school assisting the student with this deferral.
- v. Any J4 student who is deferring from sitting the BSSEE at 11 years for whatever reason will not be included in Easter Classes and shall be reinstated to Class J3 for Term 3 with the intention to repeat J4 the following academic year if they are returning to St Luke's Academy.
- vi. Any student who is not sitting the BSSEE due to deferral, due to educational or developmental challenges may be allocated to a more suitable class level suited to their specific needs. This will be ascertained by the school on a case-by-case scenario. These students are automatically granted a deferral from the Ministry of Education.
- vii. For a student to graduate from our programme they must complete the BSSEE exam as a student of St. Luke's Academy and or whatever end of year programme is in place for Class 4 students.

### 23. Classroom Communication

- i. Communication between the parents / guardians, office and teacher is essential to the safety and the best care of the student. Often the morning arrival time and afternoon dismissal time are quite busy for the teacher. Teachers' primary focus is on the safety of the students so they may not be able to hold a lengthy conversation at these times.
- ii. **Montessori:** For the 3–6-year-old students there are weekly emails sent. Emails or notes may be sent to the teachers, forms, and tuition payments (cheques only) may be dropped off at the office. A bulletin board with general information is also posted nearby. Please arrange meetings in advance. Emergency phone calls should be made at any time to the office. There will also be an end of term report issued for all 3 terms.
- iii. **Primary Department:** For our students 6-11 years Quiz Books will be sent home weekly with any incidents or notes addressed by the teacher. All class teachers have their own individual email address and parents are encouraged to use these. Parents are asked to sign quiz books and homework books as they are sent home. There are also mid term reports in Terms 1 & 2 and end of term reports in all 3 Terms.
